## **ACS Benefit Services, Cigna Reach Agreement to Offer *Dialysis +Plus* Renal Claims Management Program with Cigna Network Plans Beginning 1/1/21**

Winston-Salem, NC – ACS Benefit Services announced this week that it has reached an agreement with Cigna to begin offering its *Dialysis +Plus* renal claims management program paired with Cigna network plans effective 1/1/21.

Launched by ACS earlier this year in partnership with Specialty Care Management (SCM), *Dialysis +Plus* is a proprietary and comprehensive solution that was created to alleviate the burden of complex, confusing, high-cost dialysis claims through streamlined administration. From plan design and member onboarding logistics to appropriate repricing and timely, accurate adjudication, *Dialysis +Plus* handles all aspects of renal claims management.

Already unique to the industry in that it can be paired with any type of coverage and can be added to a group's benefit portfolio off-cycle from renewal, *Dialysis +Plus* and its proven plan savings will now be available to any group on a Cigna network plan including Cigna's national PPO and OAP network.

According to ACS CEO Kari L. Niblack, this is a game changer in the health benefits space.

"With *Dialysis +Plus*, we provide a white-glove, concierge participant experience, and there is no guesswork. We continue our relentless focus on delivering a simple, transparent solution to high-cost dialysis claims—offered at a flat case rate—that is already delivering an average, all-in, net discount exceeding 77.5% off billed charges across our participants," said Niblack. "Now that *Dialysis +Plus* is accessible to anyone on a Cigna network, the flood gates of health plan savings for employer groups nationwide have opened. *Dialysis +Plus* has already changed the game maximizing value-generation for our clients, and we're just getting started!"

To find out more about *Dialysis +Plus*, contact Kari L. Niblack at **(336) 759-2013** or [kniblack@acsbenefitsservices.com](mailto:kniblack@acsbenefitsservices.com), or visit [acsbenefitsservices.com/dialysis-plus](https://acsbenefitsservices.com/dialysis-plus).
